

Want To Start Saving Energy But Not Sure Where To Begin?

Zoe recommends a **Quick Home Energy Check-up**.

Request a Quick Home Energy Check-up to learn how your home uses energy and what you can do to lower your energy bill.

It's simple to get started.

Request an appointment to meet with a certified Energy Analyst at your home. In about an hour, they will:

Inspect your home's HVAC systems, windows, lighting, appliances, and more

Give recommendations for simple changes that can save energy and money

Install energy-saving products at no additional cost

Prefer a virtual visit?

Virtual Home Energy Check-ups offer another way to save. Meet with a certified Energy Analyst over the phone or via video chat, and we'll mail your no-cost, energy-saving products to your home. Easy, right?

Zoe, Your **Good Energy Guide**

Does this happen in your home? Someone keeps leaving the lights on. You can't agree on the temperature on the thermostat. You want to save energy but don't know where to start. These are energy squabbles, and Zoe knows how to help restore the calm.

Discover all the ways you can save at [pepco.com/SaveEnergy](https://www.pepco.com/SaveEnergy).

Let the savings continue.

Your no-cost Quick Home Energy Check-up is only the beginning. You can save even more with these programs from Pepco:

Home Performance with ENERGY STAR® Program

Get up to \$10,000 in rebates by making recommended energy-efficient upgrades in your home.

Appliance Recycling Program

We'll pick up and recycle your old, working refrigerator or freezer at no cost to you. We'll even give you \$50.

Energy Wise Rewards™ Program

Use less energy in your home when you enroll your smart thermostat in Energy Wise Rewards. You could earn up to \$40 in bill credits per device each year.

To learn more about these and all of Pepco's energy efficiency programs, visit pepco.com/SaveEnergy or call **866-353-5798**.

Programs subject to change. Check our website for details.

Offer valid for Pepco residential customers in Maryland only. EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to pepco.com/SaveEnergy.

With a Quick Home Energy Check-up, you could receive these energy-saving products,* installed at no cost to you:

ENERGY STAR certified LED bulbs

Advanced power strips

ENERGY STAR certified smart thermostats

Faucet aerators

Efficient-flow showerheads

Water heater pipe insulation

ShowerStart® TSV

Door sweeps

Weatherstripping

*The Quick Home Energy Check-up program customizes energy efficiency recommendations and measures to each individual's home. The energy-saving products offered apply to the specific needs of each house, and as a result, not every customer will receive every product.

Common Recommendations

To make your home even more energy efficient, your certified Energy Analyst might recommend some other changes, such as:

- Adding insulation to your attic
- Sealing and balancing ductwork
- Replacing heating and/or cooling systems
- Upgrading lighting and large appliances

Already had a Quick Home Energy Check-up?

It could be time for another.

If it's been **five years** since your last check-up, it might be time to revisit how your home uses energy and discover some new ways to save.
