

# What is the Moderate Income Offering?

The Moderate Income Offering allows homeowners to receive weatherization work at a significantly discounted rate based on household's income. If your household income falls between the eligible ranges, you can be qualified for certain scopes of work and weatherization upgrades.

## Moderate Income Offering Application Process

### Step One: Program Application

If you believe you qualify for the Moderate Income Offering, you can go ahead and select **“Begin Application”** button. This will take you to the Moderate Income Sign in page.

[Home](#) [Manage Applications](#) [Contact us](#)

Please [click here](#) to review instructions for completing the online application prior to proceeding. The instructions will open in a separate window that you should leave open as you move through the steps of the application process, as the detailed instructions are not repeated as you move through the pages within the application.

Are you ready to begin your application?

## Step Five: Household Income and Self-Attestation

The final step to complete your Moderate Income Offering Application is confirming your household income for eligibility. Enter the total number of residents of your household (including all full-time residents) and provide your total combined household income (includes all residents 18 years of age and older). Additionally, please indicate if your household is actively receiving benefits from one or more of the listed programs (mark all that apply). Once you have filled out all the fields click the “**Complete Application**” button to submit.
