Qualifying equipment is subject to specifications, terms, and conditions as outlined in the program application. When an incentive range is provided, specific equipment will determine the exact incentive level. All projects require pre-approval to receive program incentives. Existing equipment being replaced may not be removed or altered, and proposed equipment may not be purchased and/or installed prior to the issuance of a program pre-approval letter.

Incentive rates are subject to change without notice. Visit pepco.com/business for a current list of available incentives.
