Not sure where to start?

Visit pepco.com/BID to find a participating distributor or give us a call at **866-353-5798** to learn more.

HVAC equipment efficiencies must be verified by Air-Conditioning, Heating, and Refrigeration Institute (AHRI) certificate.

Each measure is eligible for one incentive only. If a customer receives an incentive on an equipment purchase, they cannot claim a second incentive on that same piece of equipment through any other Pepco program application.

Offer valid for Pepco commercial customers in Maryland only. EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to pepco.com/Business.
